City of Franklin Addendum No. 2 to
Purchasing Office Solicitation No.: 2013-010 thru 2013-014

Below is the City's clarification:

A6 of Addendum No. 1 included the following statement: "EC-309 is 40% PAC." While the City understands this statement to be an accurate description of the percent polyaluminum chloride of the product as currently being delivered to and used by the City's Water Treatment Facility, the percent PAC is not being specified by the City. Instead, the percent PAC depends upon the results of the jar-test of the chemical to be bid as required per City specification no. 11.6.3.

11. Acknowledge receipt of addendum: Bidders shall acknowledge receipt of this addendum on the Bid Submittal Form in the space to the right of the text on that form that reads, "Receipt acknowledged of any and all issued addenda to this solicitation."
12. Questions: The deadline for optional submittal in writing of questions seeking to revise or clarify any aspect of this procurement solicitation has now passed. To ask questions of a procedural nature, please contact:
